

**IN THE UNITED STATES BANKRUPTCY COURT
FOR THE DISTRICT OF DELAWARE**

In re:

FTX TRADING LTD., *et al.*,¹

Debtors.

Chapter 11

Case No. 22-11068 (JTD)

(Jointly Administered)

**DECLARATION OF MICHAEL S. LETO IN SUPPORT OF
DEBTORS' OBJECTION TO PROOF OF CLAIM FILED BY
ANGELO BREEN**

I, Michael S. Leto, hereby declare under penalty of perjury:

1. I am a Managing Director at Alvarez & Marsal North America, LLC ("A&M"), a restructuring advisory services firm specializing in interim management, crisis management, turnaround consulting, operational due diligence, creditor advisory services and financial and operation restructuring.

2. I have over 15 years of distressed company advisory experience. Through roles in both senior management and as a restructuring advisor, I have substantial experience helping financially distressed companies stabilize their financial condition, analyze their operations, and develop business plans to accomplish the necessary restructuring of their operations and finances. I have advised clients in numerous major bankruptcy cases, including Lehman Brothers Holdings Inc., where I spent three years as the Chief Financial Officer, Genesis Global Holding and subsidiaries, a lending and borrowing, spot trading, derivatives and custody

¹ The last four digits of FTX Trading Ltd.'s and Alameda Research LLC's tax identification numbers are 3288 and 4063, respectively. Due to the large number of debtor entities in these chapter 11 cases, a complete list of the Debtors and the last four digits of their federal tax identification numbers is not provided herein. A complete list of such information may be obtained on the website of the Debtors' claims and noticing agent at <https://cases.ra.kroll.com/FTX>.

service for digital assets and fiat currency and Terraform Labs PTE, a Singapore blockchain firm focused on decentralized financial infrastructure and applications in the digital asset space and I have also served as the interim Chief Financial Officer of other private companies. I received my bachelor's degree in Accounting and Business Administration from Hofstra University and an MBA from Fordham University in Management Systems and International Business.

3. I have been involved in the FTX case since October 2024 and have been leading the A&M Know-Your-Customer team, as well as playing an instrumental role in distributions to creditors of the Debtors.

4. I submit this declaration (the "Declaration") in support of the *FTX Recovery Trust's One Hundred Sixtieth (Substantive) Omnibus Objection to Certain Overstated Proofs of Claim (Customer Claims)* [D.I. 29733] (the "Objection") and *FTX Recovery Trust's Reply to Response of Claimant Angelo Breen to the One Hundred Sixtieth (Substantive) Omnibus Objection to Claims*.² I am not being compensated separately for this testimony other than through payments received by A&M as financial advisor retained by the FTX Recovery Trust.³

5. Except as otherwise indicated herein, all of the facts set forth in this Declaration are based upon my personal knowledge, my review of relevant documents, and information provided to me by the FTX Recovery Trust management, the FTX Recovery Trust's and other professionals, including the A&M team, involved in advising the FTX Recovery Trust in the above-captioned cases (the "Chapter 11 Cases"). If called upon to testify, I could and would

² Capitalized terms not otherwise defined herein are to be given the meanings ascribed to them in the Objection.

³ The FTX Recovery Trust (a/k/a the Consolidated Wind Down Trust) was established on January 3, 2025, the effective date of the Debtors' confirmed Second Amended Joint Chapter 11 Plan of Reorganization of FTX Trading Ltd. and its Debtor Affiliates [D.I. 26404-1].

testify to the facts set forth herein on that basis. I am authorized to submit this Declaration on behalf of the FTX Recovery Trust.

6. Following FTX’s Chapter 11 bankruptcy filing on November 11, 2022, the Debtors undertook a comprehensive effort to accurately reconstruct customer balances as of the “Petition Time.” Using FTX’s original Python-based calculation script (`components.py`), the team reprocessed historical transaction data—covering 28 activity types including trades, deposits, withdrawals, and interest payments. This same methodology was also applied to calculate point-in-time balances for other key dates, ensuring consistency and transparency across the claims process and related analyses. Based on this re-creation of point-in-time balances, the October 18, 2021, internal transfer of \$8 million from “`donations@ftx.com`” to “`expenses@ftx.com`,” reflected at Exhibit 30, brought the balance in “`donations@ftx.com`” to approximately \$56,000.

7. I have reviewed the exchange detail at Exhibit 5, which shows outflows from “`donations@ftx.com`” from inception through October 18, 2021. I and others with A&M also reviewed the FTX Recovery Trust records and made appropriate inquiries to determine whether the Debtors or the FTX Recovery Trust recovered funds from recipients of transfers indicated in Exhibit 5. Based on this inquiry, I determined that the only funds recovered are those reflected in the stipulations with New Venture Fund, its re-grantees, and CarbonPlan at Exhibits 40 through 44 below.

8. In addition, I submit this Declaration to place before the Court certain documents and information referred to in the Objection. Attached hereto are true and correct copies of the following documents:
